

localización _____

The diagram illustrates the layout of a ship's deck or similar structure. It features several rectangular buildings labeled as follows:

- EDIFICIO A**: Located in the upper left, featuring vertical hatching on its side walls.
- EDIFICIO B**: Located in the upper center, featuring vertical hatching on its side walls and a central vertical cross-hatched section.
- EDIFICIO C**: Located in the middle left, featuring vertical hatching on its side walls.
- EDIFICIO D**: Located in the middle center, featuring vertical hatching on its side walls.
- EDIFICIO E**: Located in the middle right, featuring vertical hatching on its side walls.
- EDIFICIO F**: Located in the lower left, featuring vertical hatching on its side walls.
- CAMARINES**: Located at the bottom left, represented by a small rectangular outline.

A large rectangular area in the center is labeled **HELIPUERTO**, representing a helipad or landing platform.

In the top center, there is a small square icon containing a cross and the label **EDIFICIO G**.
